

Dear Parent,

### **New Shopping Experience**

We are proud to introduce a shopping experience with a difference! This shopping experience is a retail centre located on our own website; [www.yourschool.com-onlineShopping.info](http://www.yourschool.com-onlineShopping.info).

### **We need your help**

Just like any shopping centre, these retailers pay rent. However, they only pay rent to us when a purchase is made! This is where we need your help. We want as many visits as possible, and hopefully, people will see items at a price that they are willing to pay! The retailer pays a small percentage of every purchase made, so the more often the site is used, the more we earn!

### **You benefit too!**

We know that many of you already shop online and probably already have your favourite retailers. Some of you have still not dipped your toe into online buying. But by visiting our site we are certain you will find at least some stores you will want to visit again and again.

We know money is tight. One of the special benefits of this site is that many stores offer us special deals in addition to the already good value for money available on their sites! Our mix of retailers is wide and varied. It is an ever changing and growing mix. Some stores offer standard goods at excellent prices. Others may not be cheap, but they provide a range and quality that is not easily available elsewhere, so we hope that there is a good reason for you to visit!

### **Tell your friends and neighbours too!**

This site is not selective, so please encourage your friends, neighbours and relatives to visit our site too. They may pick up a bargain or some hard to find items, and we will benefit to a small degree financially! The more people you encourage to use this service, the more funds we have to provide extra facilities for our pupils. It is a true win/win situation.
